

ROCKY RIDGE

600 square feet

The Rocky Ridge is part of Timber Creek's new line of cabins. At just 600sf this cabin feels much larger. Upon entering, you will be greeted by a lofty cathedral ceiling that sits over the open kitchen and living area. You should probably spend some time enjoying the outdoors too, that is why the Rocky Ridge also boasts 2 porches for your panorama viewing pleasure. Whether you are seeking a quaint country cottage or just a rustic charmer, the Rocky Ridge can be tailored to whatever your dreams may be.
